Smart Plus

Technical features:

- Aluminum alloy single block body.
- Shock resistant plastic material cover
- Steel arm with or without adjustable hold-open device.
- Special steel spring in oil bath.
- Independent adjustment valves with thermostatic device.
- Overload (safety) valve.

Operation:

- 2-3-4 (Dim.03) or 4-5-6 (Dim.05) closing strength adjustable by changing the arm fixing position.
- Closing speed between 180° and 15° by adjusting the special valve.
- End slam between 15° and 0° by adjusting the special valve.

- Door hold-open position adjustment between 180° and 15° (series D1416)

Supplied as standard:

- Fixing screws
- Template and installation instructions
